

This weekend was the third Sudbury adult Triathlon and first ever Junior Triathlon and was a roaring success.

It was a fantastic day, perfect temperature for the competitors with everyone enjoying the race, achieving some amazing times and having a great day.

There has been some amazing feedback from competitors, stall holders, volunteers, marshalls, parents and the TRISudbury team.

TRISudbury could not run the event without the marshalls who gave up their time on Father's Day to help run the event. The event was very well organised and ran very smoothly with 2 events happening in the same day timings were crucial for everything to work as well as it did.

With so many families, competitors competing in their first triathlon, juniors storming the course with some amazing spring finishes it was a great day to see so many happy faces enjoying the day.
